DEPARTMENT OF NATURAL RESOURCES

MICHAEL R. STYLER
Executive Director

Division of Oil Gas and Mining

JOHN R. BAZA
Division Director

November 27, 2007

Mr. Mike Dalley – Environmental Affairs
Staker & Parsons Companies
151 West Vine Street
Murray, Utah 84107

Subject: Request for Status of Permit Actions, Staker & Parsons Companies, Beck Street Quarry, M0350019, Salt Lake County, Utah

Dear Mr. Dalley:

Based on discussions related to the Division's October 10, 2007 letter, the following actions will be implemented:

- Placement of growth media signs
- Testing fines that are stored as growth media
- Outline how the management of the southeast area highwall is maintained in an environmentally stable manner

The growth media signs were to be in place by November 15, 2007. Testing of the growth media piles and outline of the southeast area highwall management is to be complete by December 15, 2007. The management plan of the southeast area highwall will be included as part of the plan.

Please contact Mr. Paul Baker of the Division once the fines testing are complete and submit a copy of the results to the Minerals Program. In addition, contact Ms. Beth Ericksen with a draft of the highwall management outline before submitting it for inclusion into the plan. Finally, confirm in writing to the Division that the growth media signs are in place.

If you have any questions regarding the content of the letter, please contact Ms. Beth Ericksen at 801-538-5318.

Sincerely,

Susan M. White
Mining Program Coordinator
Minerals Regulatory Program
